parish news

SANCTUARY ROOF PEAK REPLACEMENT NEEDED

In last week’s letter from Father to the parishioners, he stated that “the skylight is no longer repairable and needs replacing.” Installation of a new skylight will cost between $180,000 to $220,000, would only have a 5 year warranty against further leakage and within 20 years would have to be replaced all over again. Conversely, replacing it by extending the roof up to the peak “will only cost us $63,000 and comes with a 10 year warranty for the materials.”

In consultation with the diocese’ chancellor and Property management office, and the Parish Pastoral and Finance councils, we will be going with the option of finishing out the roof. We are currently working with the roofing company and the diocese to get the engineering and architectural work done so we can begin.

We are coming to you to ask to “please consider making a contribution towards this project so that we do not have to dip heavily into our reserve funds.” That cost is: $63,000. **To date, we have had $41,540.00 generously donated by our parishioners for this project. Thank you to all who have donated thus far.** If you choose to contribute towards this, please mark the donation “roof project.” See the full letter on our parish website. Thank you again for your consideration.

NEEDLEPOINT BIPOLAR IONIZATION (NPBI) INSTALLED & WORKING ON ALL 4 HVAC UNITS THAT HEAT/COOL THE CHURCH AND THE NARTHEX

GPS’ technology delivers indoor air that’s safe and free of ozone and other harmful by-products. Through NPBI™, GPS products purify air by eliminating airborne particulates, odors, and pathogens – in addition, saving up to 30% on energy consumption and lowering your carbon footprint. More details see page 9.

PRIEST RETIREMENT

The diocese makes an assessment each year for Priest Retirement. This year our assessment is $22,361. They request that we take up a collection in September and remit the funds from that collection. Because we do not get enough money in the September collection to fund the entire assessment, we take up a collection in December, March and June to offset this deficit. As of December 14 we have collected $13,122 and will owe the diocese an additional $9239 by January 31, 2021. Please consider contributing to the Priest Retirement fund by making a donation online, by mailing it in or by dropping it off at the parish office. Thank you for your support.

PRAYER FOR
Families

Loving God,
During this holy season of Christmas,
we ask for your blessing on all families.
Let Mary’s openness to your wondrous ways be
an inspiration to place all trust in you.
Let Joseph’s courage provide hope during
times of anxiety and uncertainty.
Let Jesus’ life ignite all families with a spirit
of light and love.
May the grace that encircled the Holy Family
widen to embrace all families.
For this we pray.
Amen.

GPS NPBI TECHNOLOGY cont...

GPS’ NPBI™ technology safely cleans indoor air. This patented technology produces a high concentration of positive and negative ions, delivering them to the space via the ventilation system. Within the air stream, ions attach to particles, where they combine, become larger, and are more easily filtered from the air. When ions come into contact with pathogens, they disrupt the pathogens’ surface proteins rendering them inactive.

What Is an Ion?
An ion is a molecule or atom that is positively or negatively charged, meaning it must either gain or relinquish electrons in order to become neutral.

Cleaner air, naturally. Outdoors, naturally occurring ions are everywhere and are constantly working to clean the air. Ions are created with energy from rushing water, crashing waves, and even sunlight. GPS’ NPBI™ technology generates ions without producing ozone or other harmful by-products, so you can bring the freshness of outdoors, indoors.

In our daily lives, we manage our family and work responsibilities. But to become occupied with these important matters to the exclusion of the need of others outside our home or work, is a mistake we could carry into eternity.
SUPPORT OUR PARISHIONER-OWNED BUSINESSES DURING THIS DIFFICULT TIME

In recognizing that this pandemic has been especially hard on our local businesses, we will be doing an email/bulletin outreach to parishioners encouraging them to support our local parishioner owned businesses. If you are a local business owner who would like to participate, contact Patty Freeman at secretary@stpaulcc.org or 336-294-4696. Please include: name of business, business website or email, hours of operation, business phone and a short description of your business.

HELP US REDUCE OUR EXPENSES

DID YOU KNOW: To comply with the Diocesan Safeguard Requirements, all volunteers need to register at www.virtus.org and complete a volunteer background check (no SS# required) - these checks are good for 5 years.

WHAT YOU MAY NOT KNOW: Our parish pays for those checks which costs a minimum of $8 per volunteer.

From now until the end of the year we have a wonderful opportunity to get those checks processed at no cost to the parish or Diocese. If you are a volunteer in any capacity, or would like to start volunteering when this pandemic is over, please go to www.virtus.org to register with the Diocese of Charlotte and complete a background check by the end of December. During this process, you may sign up for an online Protecting God’s Children (PGC) Course. Thanks to all of our volunteers!
